UNSTARRED QUESTION NO:1272
ANSWERED ON:26.11.2001
DAIRY DEVELOPMENT AND ANIMAL HUSBANDRY
CHARANJIT SINGH

Will the Minister of AGRICULTURE be pleased to state:

(a) the details of the facilities provided to the farmers and dairy owners for dairy development and animal husbandry under Dairy Development Technology Mission (DDTM);

(b) the number of new schemes and programmes initiated under the said mission during the last three years;

(c) the financial assistance being given to each State under these schemes during the said period alongwith the results thereof; and

(d) the amount proposed to be allocated under this mission to each State during the next two years?

Answer

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI HUKUMDEO NARAYAN YADAV)

(a): Under the Technology Mission on Dairy Development (TMDD), the following activities were taken up to provide facilities to the farmers and dairy owners:

(i) Operational Linkage Programme - In order to provide cost effective animal husbandry services like health care, breeding services and animal husbandry extension etc. and to optimize the resources available with the State Governments and other agencies were brought about.

(ii) Strengthening of Frozen Semen Stations - In order to increase the frozen semen production capacity to meet the future requirement of semen for artificial insemination programmes, selected Frozen Semen Stations in the Government sector and in the Non Government Organisation sector have been strengthened.

(iii) Liquid Nitrogen Delivery System - In order to make available liquid nitrogen for artificial insemination programme at cheaper rate, liquid nitrogen delivery system in Gujarat and Karnataka have been installed.

(iv) Fodder Seed Production Programme - The Mission helped in providing high quality fodder seedsat reasonable prices to dairy farmers.

(b): The tenure of TMDD ended in March, 1999. No new schemes and programmes were initiated during the last three years.

(c): State-wise Financial Assistance provided under TMDD Programme for the last three years is given in Annex-IImplementation of various programmes by the Mission has resulted in the following:-

(i) Additional Coverage of 5374 dairy co-operative societies for providing animal health care; and 2079 dairy co-operative societies for artificial insemination, vaccination etc.

(ii) District Rural Development Agencies have started giving focused attention to dairy and animal husbandry development and provided financial assistance for infrastructure creation and distribution of milch animals in the existing milk routes.

(iii) Frozen Semen Production increased from 108 lakh doses to 241 lakh doses per annum.

(iv) Establishment of a model system for bulk procurement, storage and delivery of liquid nitrogen for artificial insemination programme.

(v) Orientation of additional 380 officers of State Animal Husbandry Departments and 29 District Magistrates/Collectors.

(vi) Production of additional 9538 Metric tonnes of high quality fodder seed.

(d): As the tenure of TMDD has already ended, therefore, no amount is proposed to be allocated to any States.
ANNEXURE-I

STATE-WISE FINANCIAL ASSISTANCE PROVIDED UNDER TMDD PROGRAMME FOR THE LAST THREE YEARS

(RS. IN LAKH)
